## SOCIAL CENTERS

### SCHOOL BOARD MEMBERS STUDY THE QUESTION.

### SCHOOLS STAND IDLE

#### Buildings Might Be Opened in Summer For Meeting, Recreation and Entertainment Purposes.

That many thousand dollars worth of city property stands idle and unused for one-fourth of the time and should not, is a question which is engrossing the attention of some of the members of the public school board.

The establishing of the school house as a social center for the focusing of the various forms of community self-service, its use as a common lecture and entertainment place and a neighborhood music, dramatic and art center has been one of the most successful ventures made in many other places.

Maryville has not less than \$150,000 valuation in school property. All of this is unused for any purpose whatsoever, during the three months vacation.

In addition to the buildings, the grounds which have been especially purchased by the city for the boys and girls are unused during the entire period when they would afford the best place of recreation for the children. The gymnasiums, which could be used for the most wholesome and healthful exercise, are closed.

The two sides of the question, that of the civic economic standpoint and the possibilities of public benefit are being given consideration by the board members and others interested in the things for public good.

The state of Wisconsin was the first state to pass a law declaring that the school board in any community may appropriate and expend public funds for the systematic development of the wider use of the public school houses and grounds as social centers. In some of the larger cities a competent person has been engaged to serve the community in helping the owners of public buildings to get their money's worth out of their property.

The arguments for the use of the school house as a common lecture and entertainment place, neighborhood center institution and all the rest of uses to which it might be put, are as varied as the values of these resources in health, culture and enjoyment. The economy of this centralizing is in reality one of its least advantages.

One institution in which are gathered all the various things which the people can enjoy together develops in the people a sense of unity and furnishes the means whereby every other public good may be more easily considered and secured.

The members of the school board have, as a board, done nothing in regard to this question, but individually they are studying and discussing it among other questions concerning what is best for Maryville.

#### E. F. MUNTZ DEAD.

#### Blood Poisoning From Operation Kills Son of Mrs. J. W. Armstrong—Funeral in St. Joseph.

Mrs. J. W. Armstrong was called to St. Joseph Saturday afternoon by the death of her son, E. F. Muntz. Mr. Armstrong left yesterday for St. Joseph, and James Muntz, a brother, left this morning to attend the funeral, which will be held in St. Joseph this afternoon.

Mr. Muntz, who lives in St. Joseph, was taken to the hospital a week ago Sunday to have an operation performed. Blood poisoning set in and he died at 3:30 o'clock Saturday afternoon. He is survived by his wife.

#### HALLA RITES MONDAY MORNING.

#### Body Taken to Bucyrus, O., Monday Noon For Burial.

The funeral services of John Halla, the father of Mrs. R. G. Koch, who died Saturday morning, were held Monday morning at 9:30 at St. Patrick's Catholic church, conducted by the Rev. Father Henry F. Niemann.

The body was taken to the old home of Mr. Halla, at Bucyrus, O., for burial. Mr. and Mrs. Koch, with the remains of Mr. Halla, left Maryville on the noon train over the Burlington.

Mrs. H. Larue and son, Marvin, of Cypress, Cal., will arrive in Maryville Wednesday to visit their cousins, Mr. and Mrs. J. E. Melvin and family.

Orliff Clark, manager of the New Lindermann hotel at Clarinda, Ia., spent Sunday in Maryville with his parents, Mr. and Mrs. A. T. Clark.

#### MRS. PETER SHOVELIN IS DEAD.

#### Aged Woman, Who Lived Alone Here For Thirty Years, Will Be Buried Tuesday.

Mrs. Peter Shovelin, an aged woman living on East Fifth street, died at St. Francis hospital last night after a two months illness. The funeral will be held at St. Patrick's church at 9 o'clock tomorrow morning.

Mrs. Shovelin has lived alone in Maryville for about thirty years. She was born in Ireland and came to Nodaway county a good many years ago. She was married to Peter Shovelin and lived with him near Quitman. They separated, and she came to Maryville, where she has lived ever since.

Mrs. Shovelin's husband is living in Laurel, Mont. A step-daughter, Mrs. Anna Davis of Omaha, was with Mrs. Shovelin here two weeks ago, but left for Laurel, Mont., to be with a sick daughter.

Mrs. Shovelin was about 75 years old. She deeded her property to St. Patrick's church.

#### FIRE DESTROYS MOTORCYCLE.

#### H. E. Ralston Also Loses Coat and Money in Jumping From Burning Automobile.

Harlan E. Ralston, formerly of Maryville, but now living in Shenandoah, Ia., was in a motor accident last Thursday in which his new motorcycle was burned. The Shenandoah papers say:

Mrs. Carl C. McKean of Sidney, a bride of two weeks, dropped her best mirror and broke it Thursday morning. That, she avers, is the cause of the bad luck which befell the McKean and Harlan Edgar Ralston, a young Shenandoah real estate man last night.

Ralston had purchased a new motorcycle and determined to try it out on a trip to Sidney last night. The motor didn't work very well and he induced the McKean to bring him home in their big Velie car.

Just after they rounded a steep hill four miles west of Shenandoah they noticed a blaze in the bottom of the car. A small explosion followed. The fire had already burned the brake, making it impossible to stop the car, and the blazing automobile, with its three scared occupants, shot down the long grade at a terrific rate of speed. When they reached the valley and started up the next hill the car slackened sufficiently to permit a leap for safety.

The passengers sprang from the car just as the fire reached the gasoline. Then they sat by the roadside and watched the big car and the new motorcycle burn for two hours with a glow that was seen for miles around. Ralston also lost a new coat and fat pocket book of money, which he left in the car in the scramble for safety.

#### WERE HER FRIENDS THERE?

#### Woman Who Lived Here in the Sixties Writes of Reading of Harmony's Home Coming.

The Rev. C. R. Green, pastor of Harmony church, received the following letter the other day from the editor of the Missouri Ruralist. He read it to his congregation yesterday. Mrs. S. P. Callahan, the writer of the letter, is a granddaughter of James Tignor, who used to live east of Maryville.

Kansas City, Mo., June 15, 1914. Having just read a letter in the Ruralist of the home coming at Harmony church in June, 1912, and looking at the picture below I couldn't help but wonder how many might have been my old schoolmates or some of their families, for I was reared right in that part of the neighborhood.

I lived with my grandparents, Mr. and Mrs. James Tignor, on a farm twelve miles northeast of Maryville, less than one mile west of the 102 river. That was in the sixties. Our nearest neighbors were the Morehouses. Many of your readers remember Gov. Albert P. Morehouse. I was a schoolmate of all the younger Morehouses, and oh, so many I could mention. I often think of the old days and wonder if now there could be anyone on those beautiful prairies that I ever knew. Maryville was as much home to me as the farm, for I had an uncle, William Tignor, who kept a cabinet shop on Main street, and I spent much of my time there. The name of any of those parts touches a very tender spot in my heart, and as for Harmony church, preacher and people, may God speed the good work and may His richest blessings be upon them. I am a Methodist, too, but, like Brother Green, I have a heart big enough to take in all others and I am not Phariseeical, either. Will close with many good wishes for the Ruralist and Harmony people. MRS. S. P. CALLAHAN, 331 Lafayette, St., Neosho, Mo.

Miss Lydia Ambrose of Bedison spent Saturday visiting friends in Maryville.

## DEMANDS HYGIENE TO STAGE AGAIN

### SUPT. J. A. WHITEFORD SAYS IT'S OF FIRST IMPORTANCE.

### IS PREVENTATIVE ERA

#### "Teach Purity of Body and Mind First In Play, Then in Home and School."

"If you should put all of the equipment in the world in a school room where the air is foul and the temperature is 90 degrees, it would be worse than a waste," said Superintendent J. A. Whiteford of St. Joseph in an address to the Normal school students this morning.

Mr. Whiteford maintains that the greatest hindrance to the progress of school children today is the lack of sanitation. The teachers not only must have made the required grade in the subjects which they are to teach, but must "have the subject matter so ground into their systems that the fact that they know their business will be apparent in every movement."

The question was raised whether children could rightfully be expected to make progress when their eyesight was defective, and when adenoids affected both the hearing and the speech. "Dentists have estimated that between 15 and 30 per cent of the children in an ordinary school room have defective teeth which lead to innumerable evils," said Mr. Whiteford. "The school must, where it is necessary, remedy the conditions of the home. The physician of today has come to the realization of the fact that he must not wait for patients to come to him, but that he must take the initiative and take up measures which will be preventative of disease."

One of the most crying evils of the present school system, according to Mr. Whiteford, is the condition of toilets, and especially is this true in the rural schools. All false modesty he says, should be cast aside in dealing with this condition, and the health of the children be fire safeguarded and knowledge imparted afterward.

"I feel it my duty in such cases," he added, "to take steps toward remedying conditions before I go into chapel to offer prayer."

The principles of hygiene should be taught in the first grade, and in a plain, simple manner the children should be taught to safeguard their own health.

"Teach them purity of body and mind in their play first of all, and then in the home and in the school. The greatest function which the teacher can have is to send the pupil home, not only with the acquisition of knowledge, but sound in mind and sound in body. In short, then, hygiene of body and hygiene of mind."

Superintendent Whiteford will speak to the students again Friday morning and will have charge of the educational administration class each day during this week.

#### NEIGHBORS TO CELEBRATE.

#### Herron District to Have a Fourth of July of Its Own.

The people of the Herron neighborhood, northwest of the city, are to have a big Fourth of July celebration Saturday, to be held in Fisher's grove, four miles northwest of Maryville.

The principal event of the day is to be a picnic dinner at noon. This is to be followed by a base ball game, some music and speeches and other features of entertainment.

The Herron Homemaking Circle, the women's club, is the originators of the plan, and all the district is enthused with the prospects.

## TO STAGE AGAIN

### REV. EARL WILFLEY RETURNS TO OLD CALLING.

### ENCORED MANY TIMES

#### Career Last But One Night and Is Just For National Press Club's Entertainment.

Dr. Earl Wilfley, a brother of George L. Wilfley of the Farmers Trust company, pastor of the Vermont Avenue Christian church of Washington, D. C., and formerly an actor, returned to the stage last Tuesday night. But his return was for the one night only, at an entertainment given by the National Press club. Yesterday's St. Louis Globe-Democrat, in a story under the caption "Those Wilfleys Are Wonders," tells the story of the Rev. Mr. Wilfley's return to the stage. It is:

Press and pulpit got close together last Tuesday night at the National Press club, when an entertainment was furnished by four prominent ministers of Washington, chief among the quartet being Rev. Dr. Earl Wilfley, a Missourian born and bred, who trod the boards with some of the greatest Shakespearean actors some years ago, before entering the ministry.

For the night Dr. Wilfley was the actor again, and he was encored repeatedly after he had recited the Lord Dunsire monologue from "The American Cousin, Sothorn's great comedy, and an entire act of Richard III.

Dr. Wilfley is pastor of the Vermont Avenue Christian church, recognized as the leading church of the Christian denomination in the United States, and of which the late Dr. Powers was pastor for many years. He is a brother of Lebbeus R. Wilfley, who attained fame as judge of the United States court of extraterritorial jurisdiction at Shanghai, China, and whose impeachment was unsuccessfully sought by lawyers whom he had disbarred from practice before him. A second brother, Zenophon Wilfley, is a lawyer in St. Louis.

Dr. Wilfley has been successful in his new field in the national capital. He is both progressive and aggressive, and has attained results in the way of building up the congregation as well as his own reputation. Several Missouri members of congress are prominent in the congregation, among them Representatives Alexander and Lloyd. Many other Missourians, residents of Washington, attend the church and send their children to the Sunday school.

#### ITALIAN IS POSTMASTER.

#### Rudolph Lebonia, Self-Educated, a Nodaway Farmer, is Appointed to Clearmont Office.

Rudolph Lebonia, an Italian by birth, has just received the appointment to the postmastership at Clearmont. He will take charge of the office July 1, as the successor of Fred Newlon.

Mr. Lebonia was born in Italy in 1865. Four years later he came with his parents to America, where they lived in New York for some time. Thinking they could do better away from the city they came west and took up agriculture. Mr. Lebonia began the study of the violin, but gave that up as a life work to become a farmer. He has educated himself by the reading of books, magazines and periodicals.

In 1881 Mr. Lebonia came to Nodaway county and located in Atchison township, where he now owns a farm. He has held the office of township assessor twice. In addition to his farm work he carries on an insurance business. Mr. Lebonia is a member of the Modern Woodmen of America.

#### "MARYVILLE HAS IT" TUESDAY.

#### Motion Picture Film of the City Will Be Shown For the First Time Tomorrow.

Maryville's 1,100 feet of movie film, "Maryville Has It," is almost ready to be shown. Tomorrow and Wednesday nights it will be run at the Empire theater.

The making of the film has been creating much interest in town, for while a motion picture in the showing is common to all, a motion picture in the making is still a rarity to most persons here. Everyone has tried to get into it.

The film is a little longer than the average film. It contains fifteen sections and some thirty scenes, showing everything that Maryville has done in the last few weeks. Among other things it will show the arrival of the Burlington train, the busses leaving for the city, street scenes in the business district, the postoffice with interior views, the Electric Light and Power company, water works, Elks club, Catholic church, Central high school, Methodist and Christian churches, fire department in a practice run and scenes at the Normal.

Those who have seen the parts of the film in trials say that it shows up as clearly as any of the films manufactured by the large companies.

Company F lost the ball game with Skidmore yesterday by a score of 7 to 1.

#### Whitesville Defeats Guilford.

The Whitesville base ball team won Sunday's game with Guilford by a 3 to 1 score.

#### John Kurtz Hurt.

John Kurtz, the son of Mr. and Mrs. Fred Kurtz, was wounded Sunday afternoon when he fell from his bicycle and cut a gash in his head. The boy was visiting at the Fred Hastings home and had started home on his wheel. He went to make a quick turn and was thrown off, his head striking a piece of tile. Several stitches were necessary in dressing the wound.

Bruce Martindale of Clyde was a city visitor Monday.

## SHE LOSES OUT

### AN UNKNOWN MARYVILLE GIRL AMONG THE REJECTED.

### ONE OF 1000 SUITORS

#### F. W. Anheuser of Omaha to Wed His Own Choice Tuesday and Get \$50,000.

Although Maryville people have been wondering who she is, they have never found out the name of the girl who, according to the Omaha papers, wrote a letter containing the following excerpt to Fred W. Anheuser of Omaha:

"I have considerable property myself and I have always dreaded being married for my money."

Fred W. Anheuser is the Omaha lawyer who was willed a fortune of \$50,000 by his uncle if he should get married within twenty-four months. The Maryville girl is one of a thousand who wrote proposals to Anheuser, and the affair is called some prominence again by the fact that he is to be married tomorrow, eighteen months ahead of time, but not to one of the thousand girls.

"But, shucks," said Anheuser, when his coming marriage was announced, "that \$50,000 didn't have anything to do with my marriage. I've been engaged all the time. The date of our wedding was set before the death of my uncle."

Anheuser is city prosecutor of Omaha and his fiancée is Miss Katherine Van Lome of this city. Invitations to the wedding have just been issued.

Last November Anheuser's millionaire uncle died. The day after the funeral the will was read.

The story got into the newspapers at once. Also, Anheuser's photograph. In twenty-four hours people in Nebraska, Iowa, South Dakota, Wyoming and other states knew of the story and then the letters began pouring in on Anheuser. Many unmarried women wanted to help him get possession of that \$50,000.

The Maryville girl thought she and the Omaha lawyer could pool their money and get married, as each would know the other was not marrying for money.

#### WILL RUN SPECIAL TRAIN.

#### Emancipation Day Committee Arranges to Handle Crowds From St. Joseph—Four Speakers.

The plans for the Emancipation day celebration here August 5, which the committee on arrangements made yesterday will make this year's celebration one of the best ever held. The excursion train from St. Joseph is assured and four speakers have been secured for the day.

In getting the excursion train from St. Joseph the committee made possible the procuring of several other attractions for the day. The Knights of Tabor drill team of St. Joseph and the Mose Dixon Palestine Guards of Atchison, Kan., will come on that train to compete with the W. O. W. drill team here. Already a large crowd from St. Joseph is being worked up, and the special train will have seven coaches to carry the people.

The speakers for this year are all colored. They are Nelson C. Crews of Kansas City, M. O. Ricketts of St. Joseph, C. W. Crews of St. Louis, a nephew of Nelson Crews, and W. C. Houston of Kansas City.

The complete program will be arranged this week, and next week the advertising campaign will be started and the program will be displayed on posters and handbills.

### SEC E PEACE PACT MAKING

**American From Mexico City Says Carranza Is Parleying.**

Vera Cruz, June 28.—Secret peace negotiations between General Carranza and General Huerta have been in progress at the capital, according to Antonio Maxton, an American who arrived from Mexico City last night. He said it was positively known that representatives of Carranza had been in the capital several days in conference with President Huerta, but that the details of the discussions were unknown.

It was thought in the capital that a peace agreement between Huerta and Carranza, based on Huerta's resignation, was certain to come soon. Carranza being forced to make some concessions because of his disagreements with Generals Villa and Angeles.

**Villa Blocked by Carranza.**

El Paso, Tex., June 29.—General Villa's campaigns apparently are postponed indefinitely. Lack of ammunition is given as the principal cause. However, some recent developments yet concealed in the Carranza-Villa estrangement were believed by partisans of both factions here to have much to do with the quiet situation below this point.

Mr. and Mrs. E. C. Ferritor spent Sunday the guests of friends at Omaha.

### WILSON APPROVES STONE.

**President's Letter to Hugh Stephens Shows He Believes Senator Is True Supporter of Administration.**

In response to a letter of inquiry concerning Senator Stone's senatorial record, President Wilson has written to Hugh Stephens of Jefferson City, strongly approving the course of the Missouri senator. The correspondence between the president and Mr. Stephens follows:

Jefferson City, Mo., June 18, 1914.—Hon. Woodrow Wilson, President of the United States, Washington, D. C.: My Dear Mr. President—I have heard it stated that Senator William J. Stone, the senior senator from Missouri, has not in fact been the steadfast friend of the national administration, and that much appearing in the public prints respecting the relationship of Senator Stone to you and to the administration of which you are the head has been in fact simply campaign material disseminated by friends of the senator. Naturally Missourians are interested in knowing the truth as to these matters, and I am venturing to inquire of you as to the real facts. I would be glad to know in what esteem the senator is held by you and the administration, and what part he has had in the work of the administration.

Sincerely yours,  
**HUGH STEPHENS.**  
Washington, June 23, 1914.—Mr. Hugh Stephens, Jefferson City, Mo.: My Dear Mr. Stephens—I am very glad to reply to your letter of June 18th. I want to say that no member of the senate has been a more consistent or generous supporter of this administration than Senator William J. Stone. He has assisted not only by his votes, but by active co-operation of many

kinds and by earnest and disinterested counsel concerning the matters of public interest which have been pending from time to time. His action in all public matters since my inauguration has bound him to me by ties of admiration and friendship.

Cordially and sincerely yours,  
**WOODROW WILSON.**

**MAKE ENGLISH SPARROW PIE.**  
**British Relish a Dish Which Proves Prof. Cameron's Statement of Bird's Food Value.**

Prof. John E. Cameron of the Normal is not alone in his craving for the meat of English sparrows. When his friends learned that he had killed and eaten eighty-four of them they were all shocked and horrified, but on comparing notes with other persons they learned that ever so many had tasted the bird and found it good.

The sparrow is regarded as a regular article of diet in England, and the extent to which the British use it may be seen from their recipe for sparrow pie which is given below. It has an advantage over Mr. Cameron's sparrow supper in that it does not require so many birds:

Take 12 sparrows, 1 pound rump steak, one-quarter pound bacon and one-half pint good stock. For the force or stuffing take 2 tablespoonfuls of bread crumbs, 1 tablespoonful finely chopped suet, 1 tablespoonful finely chopped ham or parboiled chicken livers, some chopped mushrooms, a little finely chopped parsley, one-quarter of a tablespoonful of finely grated lemon rind, one-quarter teaspoonful powdered mixed herbs, one egg, a good pinch of nutmeg, one-half teaspoonful salt, some pepper, puff paste, the yolk

of one egg.

Bone the sparrows and stuff them; cut the beef into small thin slices, and the bacon into strips. Put a layer of beef at the bottom of a pie dish, arrange the sparrows on the top, intersperse the remainder of the meat and the strips of bacon, season well with pepper and salt, three-quarters fill with stock, and cover with the paste.

Brush over with yolk of egg, bake in a quick oven until the paste has risen and become set; then cook more slowly for about one hour. Before serving add the remaining stock, pouring it carefully through the hole in the center of the pie. Serve either hot or cold, but a little gelatin must be added to the stock if pie is intended to be eaten cold.

Fancy "boning" and "stuffing" sparrows!

MARYVILLE, MO.  
THE HOME OF GOOD GOODS  
AT THE LOWEST PRICES

A lady while trading in our store a few days ago made the remark: "I cannot understand how you can afford to sell goods for so much less than other stores do." Our answer to her was this, we buy for Spot Cash and we sell for Spot Cash—we do not have any expensive bookkeepers, we do not lose any money on bad accounts, you do not have to pay other peoples old debts here, our rent is very low, our system of doing business is to keep down to a minimum expense. We buy in large quantities for three stores, we take advantage of every discount. Nothing escapes the HAINES STORES when it comes to buying merchandise so that we can save our customers money.

A word to you who have been buying goods and having them charged. Just try our Spot Cash System and see how much money you can save in a short time. It's so easy to write a check at the time of purchase, then you never have any disputed accounts.

Then at this store anything is returnable. When making a purchase, you get it home and the feeling comes over you, "I wish I hadn't bought it" you will do us a favor to return it and receive your money just as cheerfully as we took it—no matter if it is a yard of calico or a silk dress it is returnable—we want only satisfied customers.

When you think of DRY GOODS think of HAINES, the store that saves you money and the store that will do anything within its power to please you.

## SOCIAL CENTERS

**SCHOOL BOARD MEMBERS STUDY THE QUESTION.**

## SCHOOLS STAND IDLE

**Buildings Might Be Opened in Summer For Meeting, Recreation and Entertainment Purposes.**

That many thousand dollars worth of city property stands idle and unused for one-fourth of the time and should not, is a question which is engrossing the attention of some of the members of the public school board.

The establishing of the school house as a social center for the focusing of the various forms of community self-service, its use as a common lecture and entertainment place and a neighborhood music, dramatic and art center has been one of the most successful ventures made in many other places.

Maryville has not less than \$150,000 valuation in school property. All of this is unused for any purpose whatsoever, during the three months vacation.

In addition to the buildings, the grounds which have been especially purchased by the city for the boys and girls are unused during the entire period when they would afford the best place of recreation for the children. The gymnasiums, which could be used for the most wholesome and healthful exercise, are closed.

The two sides of the question, that of the civic economic standpoint and the possibilities of public benefit are being given consideration by the board members and others interested in the things for public good.

The state of Wisconsin was the first state to pass a law declaring that the school board in any community may appropriate and expend public funds for the systematic development of the wider use of the public school houses and grounds as social centers. In some of the larger cities a competent person has been engaged to serve the community in helping the owners of public buildings to get their money's worth out of their property.

The arguments for the use of the school house as a common lecture and entertainment place, neighborhood center institution and all the rest of uses to which it might be put, are as varied as the values of these resources in health, culture and enjoyment. The economy of this centralizing is in reality one of its least advantages.

One institution in which are gathered all the various things which the people can enjoy together develops in the people a sense of unity and furnishes the means whereby every other public good may be more easily considered and secured.

The members of the school board have, as a board, done nothing in regard to this question, but individually they are studying and discussing it among other questions concerning what is best for Maryville.

## E. F. MUNTZ DEAD.

**Blood Poisoning From Operation Kills Son of Mrs. J. W. Armstrong—Funeral in St. Joseph.**

Mrs. J. W. Armstrong was called to St. Joseph Saturday afternoon by the death of her son, E. F. Muntz. Mr. Armstrong left yesterday for St. Joseph, and James Muntz, a brother, left this morning to attend the funeral, which will be held in St. Joseph this afternoon.

Mr. Muntz, who lives in St. Joseph, was taken to the hospital a week ago Sunday to have an operation performed. Blood poisoning set in and he died at 3:30 o'clock Saturday afternoon. He is survived by his wife.

## HALLA RITES MONDAY MORNING.

**Body Taken to Bucyrus, O., Monday Noon For Burial.**

The funeral services of John Halla, the father of Mrs. R. G. Koch, who died Saturday morning, were held Monday morning at 9:30 at St. Patrick's Catholic church, conducted by the Rev. Father Henry F. Niemann.

The body was taken to the old home of Mr. Halla, at Bucyrus, O., for burial. Mr. and Mrs. Koch, with the remains of Mr. Halla, left Maryville on the noon train over the Burlington.

Mrs. H. Larue and son, Marvin, of Cypress, Cal., will arrive in Maryville Wednesday to visit their cousins, Mr. and Mrs. J. E. Melvin and family.

Orliff Clark, manager of the New Lindermann hotel at Clarinda, Ia., spent Sunday in Maryville with his parents, Mr. and Mrs. A. T. Clark.

## MRS. PETER SHOVELIN IS DEAD.

**Aged Woman, Who Lived Alone Here For Thirty Years, Will Be Buried Tuesday.**

Mrs. Peter Shovelin, an aged woman living on East Fifth street, died at St. Francis hospital last night after a two months illness. The funeral will be held at St. Patrick's church at 9 o'clock tomorrow morning.

Mrs. Shovelin has lived alone in Maryville for about thirty years. She was born in Ireland and came to Nodaway county a good many years ago. She was married to Peter Shovelin and lived with him near Quitman. They separated, and she came to Maryville, where she has lived ever since.

Mrs. Shovelin's husband is living in Laurel, Mont. A step-daughter, Mrs. Anna Davis of Omaha, was with Mrs. Shovelin here two weeks ago, but left for Laurel, Mont., to be with a sick daughter.

Mrs. Shovelin was about 75 years old. She deeded her property to St. Patrick's church.

## FIRE DESTROYS MOTORCYCLE.

**H. E. Ralston Also Loses Coat and Money in Jumping From Burning Automobile.**

Harlan E. Ralston, formerly of Maryville, but now living in Shenandoah, Ia., was in a motor accident last Thursday in which his new motorcycle was burned. The Shenandoah papers say:

Mrs. Carl C. McKean of Sidney, a bride of two weeks, dropped her best mirror and broke it Thursday morning. That, she avers, is the cause of the bad luck which befell the McKean and Harlan Edgar Ralston, a young Shenandoah real estate man last night.

Ralston had purchased a new motorcycle and determined to try it out on a trip to Sidney last night. The motor didn't work very well and he induced the McKean to bring him home in their big Velle car.

Just after they rounded a steep hill four miles west of Shenandoah they noticed a blaze in the bottom of the car. A small explosion followed. The fire had already burned the brake, making it impossible to stop the car, and the blazing automobile, with its three scared occupants, shot down the long grade at a terrific rate of speed. When they reached the valley and started up the next hill the car slackened sufficiently to permit a leap for safety.

The passengers sprang from the car just as the fire reached the gasoline. Then they sat by the roadside and watched the big car and the new motorcycle burn for two hours with a glow that was seen for miles around. Ralston also lost a new coat and fat pocket book of money, which he left in the car in the scramble for safety.

## WERE HER FRIENDS THERE?

**Woman Who Lived Here in the Sixties Writes of Reading of Harmony's Home Coming.**

The Rev. C. R. Green, pastor of Harmony church, received the following letter the other day from the editor of the Missouri Ruralist. He read it to his congregation yesterday. Mrs. S. P. Callahan, the writer of the letter, is a granddaughter of James Tignor, who used to live east of Maryville.

Kansas City, Mo., June 15, 1914. Having just read a letter in the Ruralist of the home coming at Harmony church in June, 1912, and looking at the picture below I couldn't help but wonder how many might have been my old schoolmates or some of their families, for I was reared right in that part of the neighborhood.

I lived with my grandparents, Mr. and Mrs. James Tignor, on a farm twelve miles northeast of Maryville, less than one mile west of the 102 river. That was in the sixties. Our nearest neighbors were the Morehouses. Many of your readers remember Gov. Albert P. Morehouse. I was a schoolmate of all the younger Morehouses, and oh, so many I could mention. I often think of the old days and wonder if now there could be anyone on those beautiful prairies that I ever knew. Maryville was as much home to me as the farm, for I had an uncle, William Tignor, who kept a cabinet shop on Main street, and I spent much of my time there. The name of any of those parts touches a very tender spot in my heart, and as for Harmony church, preacher and people, may God speed the good work and may His richest blessings be upon them. I am a Methodist, too, but, like Brother Green, I have a heart big enough to take in all others and I am not Phariseical, either. Will close with many good wishes for the Ruralist and Harmony people. MRS. S. P. CALLAHAN, 331 Lafayette, St. Neosho, Mo.

Miss Lydia Ambrose of Bedison spent Saturday visiting friends in Maryville.

## DEMANDS HYGIENE TO STAGE AGAIN

**SUPT. J. A. WHITEFORD SAYS IT'S OF FIRST IMPORTANCE.**

## IS PREVENTATIVE ERA

**"Teach Purity of Body and Mind First in Play, Then in Home and School."**

"If you should put all of the equipment in the world in a school room where the air is foul and the temperature is 90 degrees, it would be worse than a waste," said Superintendent J. A. Whiteford of St. Joseph in an address to the Normal school students this morning.

Mr. Whiteford maintains that the greatest hindrance to the progress of school children today is the lack of sanitation. The teachers not only must have made the required grade in the subjects which they are to teach, but must "have the subject matter so ground into their systems that the fact that they know their business will be apparent in every movement."

The question was raised whether children could rightfully be expected to make progress when their eyesight was defective, and when adenoids affected both the hearing and the speech. "Dentists have estimated that between 15 and 30 per cent of the children in an ordinary school room have defective teeth which lead to innumerable evils," said Mr. Whiteford. "The school must, where it is necessary, remedy the conditions of the home. The physician of today has come to the realization of the fact that he must not wait for patients to come to him, but that he must take the initiative and take up measures which will be preventative of disease."

One of the most crying evils of the present school system, according to Mr. Whiteford, is the condition of toilets, and especially is this true in the rural schools. All false modesty he says, should be cast aside in dealing with this condition, and the health of the children be fire safeguarded and knowledge imparted afterward.

"I feel it my duty in such cases," he added, "to take steps toward remedying conditions before I go into chapel for prayer."

The principles of hygiene should be taught in the first grade, and in a plain, simple manner the children should be taught to safeguard their own health.

"Teach them purity of body and mind in their play first of all, and then in the home and in the school. The greatest function which the teacher can have is to send the pupil home, not only with the acquisition of knowledge, but sound in mind and sound in body. In short, then, hygiene of body and hygiene of mind."

Superintendent Whiteford will speak to the students again Friday morning and will have charge of the educational administration class each day during this week.

## NEIGHBORS TO CELEBRATE.

**Herron District to Have a Fourth of July of Its Own.**

The people of the Herron neighborhood, northwest of the city, are to have a big Fourth of July celebration Saturday, to be held in Fisher's grove, four miles northwest of Maryville.

The principal event of the day is to be a picnic dinner at noon. This is to be followed by a base ball game, some music and speeches and other features of entertainment.

The Herron Homemaking Circle, the women's club, is the originators of the plan, and all the district is enthused with the prospects.

## TO STAGE AGAIN

**REV. EARL WILFLEY RETURNS TO OLD CALLING.**

## ENCORED MANY TIMES

**Career Last But One Night and is Just For National Press Club's Entertainment.**

Dr. Earl Wilfley, a brother of George L. Wilfley of the Farmers Trust company, pastor of the Vermont Avenue Christian church of Washington, D. C., and formerly an actor, returned to the stage last Tuesday night. But his return was for the one night only, at an entertainment given by the National Press club. Yesterday's St. Louis Globe-Democrat, in a story under the caption "Those Wilfleys Are Wonders," tells the story of the Rev. Mr. Wilfley's return to the stage. It is:

Press and pulpit got close together last Tuesday night at the National Press club, when an entertainment was furnished by four prominent ministers of Washington, chief among the quartet being Rev. Dr. Earl Wilfley, a Missourian born and bred, who trod the boards with some of the greatest Shakespearean actors some years ago, before entering the ministry.

For the night Dr. Wilfley was the actor again, and he was encored repeatedly after he had recited the Lord Dunsire monologue from "The American Cousin, Sothorn's great comedy, and an entire act of Richard III.

Dr. Wilfley is pastor of the Vermont Avenue Christian church, recognized as the leading church of the Christian denomination in the United States, and of which the late Dr. Powers was pastor for many years. He is a brother of Lebbeus R. Wilfley, who attained fame as judge of the United States court of extraterritorial jurisdiction at Shanghai, China, and whose impeachment was unsuccessfully sought by lawyers whom he had disbarred from practice before him. A second brother, Zenophon Wilfley, is a lawyer in St. Louis.

Dr. Wilfley has been successful in his new field in the national capital. He is both progressive and aggressive, and has attained results in the way of building up the congregation as well as his own reputation. Several Missouri members of congress are prominent in the congregation, among them Representatives Alexander and Lloyd. Many other Missourians, residents of Washington, attend the church and send their children to the Sunday school.

## ITALIAN IS POSTMASTER.

**Rudolph Lebonia, Self-Educated, a Nodaway Farmer, is Appointed to Clearmont Office.**

Rudolph Lebonia, an Italian by birth, has just received the appointment to the postmastership at Clearmont. He will take charge of the office July 1, as the successor of Fred Newlon.

Mr. Lebonia was born in Italy in 1865. Four years later he came with his parents to America, where they lived in New York for some time. Thinking they could do better away from the city they came west and took up agriculture. Mr. Lebonia began the study of the violin, but gave that up as a life work to become a farmer. He has educated himself by the reading of books, magazines and periodicals.

In 1881 Mr. Lebonia came to Nodaway county and located in Atchison township, where he now owns a farm. He has held the office of township assessor twice. In addition to his farm work he carries on an insurance business. Mr. Lebonia is a member of the Modern Woodmen of America.

## "MARYVILLE HAS IT" TUESDAY.

**Motion Picture Film of the City Will Be Shown For the First Time Tomorrow.**

Maryville's 1,100 feet of movie film, "Maryville Has It," is almost ready to be shown. Tomorrow and Wednesday nights it will be run at the Empire theater.

The making of the film has been creating much interest in town, for while a motion picture in the showing is common to all, a motion picture in the making is still a rarity to most persons here. Everyone has tried to get into it.

The film is a little longer than the average film. It contains fifteen sections and some thirty scenes, showing everything that Maryville has done in the last few weeks. Among other things it will show the arrival of the Burlington train, the busses leaving for the city, street scenes in the business district, the postoffice with interior views, the Electric Light and Power company, water works, Elks club, Catholic church, Central high school, Methodist and Christian churches, fire department in a practice run and scenes at the Normal.

Those who have seen the parts of the film in trials say that it shows up as clearly as any of the films manufactured by the large companies.

## SUNDAY'S BALL GAMES.

**Maryville Teams Lose Again—Results of Contests Between Other Towns of the County.**

## All Stars Lose 14 to 1.

Before a large crowd at Riffe's park yesterday afternoon the Maryville All Stars lost to Clearmont 14 to 1. The visitors hit Carmichael's delivery almost at will, and this, with the Maryville team's errors, was the cause of the one-sided score.

## Company F Loses to Skidmore.

Company F lost the ball game with Skidmore yesterday by a score of 7 to 1.

## Whitesville Defeats Guilford.

The Whitesville base ball team won Sunday's game with Guilford by a 3 to 1 score.

## Barnard M. W. A. Team Won.

The M. W. A. ball team of Barnard won the base ball game played Sunday at Barnard with the Rosendale team. The score was 11 to 6. The lineup of the M. W. A. team was Schmitt, catcher; Goforth, second base; Cundiff, first base; Badger, third base; Strader, shortstop; Mehaffey, left field; Kissinger, center field; VanMeter, pitcher. For Rosendale the lineup was Sharp, left field; M. Pryor, shortstop; Biggs, center field; F. Pryor, second base; J. Pryor, pitcher; Share, third base; Wachtel, first base; Estes, catcher. The ball game played at Pickering Saturday afternoon between the Pickering Sunday school team and the Hopkins Sunday school team was won by Pickering by a score of 6 to 3.

## John Kurtz Hurt.

John Kurtz, the son of Mr. and Mrs. Fred Kurtz, was wounded Sunday afternoon when he fell from his bicycle and cut a gash in his head. The boy was visiting at the Fred Hastings home and had started home on his wheel. He went to make a quick turn and was thrown off, his head striking a piece of tile. Several stitches were necessary in dressing the wound.

Bruce Martindale of Clyde was a city visitor Monday.

## SHE LOSES OUT

**AN UNKNOWN MARYVILLE GIRL AMONG THE REJECTED.**

## ONE OF 1000 SUITORS

**F. W. Anheuser of Omaha to Wed His Own Choice Tuesday and Get \$50,000.**

Although Maryville people have been wondering who she is, they have never found out the name of the girl who, according to the Omaha papers, wrote a letter containing the following excerpt to Fred W. Anheuser of Omaha: "I have considerable property myself and I have always dreaded being married for my money."

Fred W. Anheuser is the Omaha lawyer who was willed a fortune of \$50,000 by his uncle if he should get married within twenty-four months. The Maryville girl is one of a thousand who wrote proposals to Anheuser, and the affair is called some prominence again by the fact that he is to be married tomorrow, eighteen months ahead of time, but not to one of the thousand girls.

"But, shucks," said Anheuser, when his coming marriage was announced, "that \$50,000 didn't have anything to do with my marriage. I've been engaged all the time. The date of our wedding was set before the death of my uncle."

Anheuser is city prosecutor of Omaha and his fiancée is Miss Katherine Van Lome of this city. Invitations to the wedding have just been issued.

Last November Anheuser's millionaire uncle died. The day after the funeral the will was read.

The story got into the newspapers at once. Also, Anheuser's photograph. In twenty-four hours people in Nebraska, Iowa, South Dakota, Wyoming and other states knew of the story and then the letters began pouring in on Anheuser. Many unmarried women wanted to help him get possession of that \$50,000.

The Maryville girl thought she and the Omaha lawyer could pool their money and get married, as each would know the other was not marrying for money.

## WILL RUN SPECIAL TRAIN.

**Emancipation Day Committee Arranges to Handle Crowds From St. Joseph—Four Speakers.**

The plans for the Emancipation day celebration here August 5, which the committee on arrangements made yesterday will make this year's celebration one of the best ever held. The excursion train from St. Joseph is assured and four speakers have been secured for the day.

In getting the excursion train from St. Joseph the committee made possible the procuring of several other attractions for the day. The Knights of Tabor drill team of St. Joseph and the Mose Dixon Palestine Guards of Atchison, Kan., will come on that train to compete with the W. O. W. drill teams here. Already a large crowd from St. Joseph is being worked up, and the special train will have seven coaches to carry the people.

The speakers for this year are all colored. They are Nelson C. Crews of Kansas City, M. O. Ricketts of St. Joseph, C. W. Crews of St. Louis, a nephew of Nelson Crews, and W. C. Houston of Kansas City.

The complete program will be arranged this week, and next week the advertising campaign will be started and the program will be displayed on posters and handbills.

American from Mexico City Says Carranza is Panicking.

Vera Cruz, June 29.—Secret peace negotiations between General Carranza and General Huerta have been in progress at the capital, according to Antonio Macdon, an American who arrived from Mexico City last night. Macdon said it was positively known that representatives of Carranza had been in the capital several days in conference with President Huerta, but that the details of the discussions were unknown.

It was thought in the capital that a peace agreement between Huerta and Carranza, based on Huerta's resignation, was certain to come soon. Carranza being forced to make some concessions because of his disagreements with Generals Villa and Angeles.

#### Villa Blocked by Carranza.

El Paso, Tex., June 29.—General Villa's campaign apparently are postponed indefinitely. Lack of ammunition is given as the principal cause. However, some recent developments, yet concealed in the Carranza-Villa estrangement, were believed by participants of both factions here to have much to do with the quiet situation below this point.

#### WILSON APPROVES STONE.

President's Letter to Hugh Stevens Shows He Believes Senator is True Supporter of Administration.

In response to a letter of inquiry concerning Senator Stone's senatorial record, President Wilson has written to Hugh Stephens of Jefferson City, strongly approving the course of the Missouri senator. The correspondence between the president and Mr. Stephens follows:

Jefferson City, Mo., June 18, 1914.—Hon. Woodrow Wilson, President of the United States, Washington, D. C.: My Dear Mr. President—I have heard it stated that Senator William J. Stone, the senior senator from Missouri, has not in fact been the steadfast friend of the national administration, and that much appearing in the public prints respecting the relationship of Senator Stone to you and to the administration of which you are the head has been in fact simply campaign material disseminated by friends of the senator. Naturally Missourians are interested in knowing the truth as to these matters, and I am venturing to inquire of you as to the real facts. I would be glad to know in what esteem the senator is held by you and the administration, and what part he has had in the work of the administration. Sincerely yours,

HUGH STEPHENS.

Washington, June 23, 1914.—Mr. Hugh Stephens, Jefferson City, Mo.: My Dear Mr. Stephens—I am very glad to reply to your letter of June 18th. I want to say that no member of the senate has been a more consistent or generous supporter of this administration than Senator William J. Stone. He has assisted not only by his votes, but by active co-operation of many

kinds and by earnest and disinterested counsel concerning the matters of public interest which have been pending from time to time. His action in all public matters since my inauguration has bound him to me by ties of admiration and friendship.

Cordially and sincerely yours,  
WOODROW WILSON.

#### MAKE ENGLISH SPARROW PIE.

British Relish a Dish Which Proves Prof. Cameron's Statement of Bird's Food Value.

Prof. John E. Cameron of the Normal is not alone in his craving for the meat of English sparrows. When his friends learned that he had killed and eaten eighty-four of them they were all shocked and horrified, but on comparing notes with other persons they learned that ever so many had tasted the bird and found it good.

The sparrow is regarded as a regular article of diet in England, and the extent to which the British use it may be seen from their recipe for sparrow pie which is given below. It has an advantage over Mr. Cameron's sparrow supper in that it does not require so many birds:

Take 12 sparrows, 1 pound rump steak, one-quarter pound bacon and one-half pint good stock. For the force or stuffing take 2 tablespoonfuls of bread crumbs, 1 tablespoonful finely chopped suet, 1 tablespoonful finely chopped ham or parboiled chicken livers, some chopped mushrooms, a little finely chopped parsley, one-quarter of a tablespoonful of finely grated lemon rind, one-quarter teaspoonful powdered mixed herbs, one egg, a good pinch of nutmeg, one-half teaspoonful salt, some pepper, puff paste, the yolk

of one egg.  
Bone the sparrows and stuff them; cut the beef into small thin slices, and the bacon into strips. Put a layer of beef at the bottom of a pie dish, arrange the sparrows on the top, intersperse the remainder of the meat and the strips of bacon, season well with pepper and salt, three-quarters fill with stock, and cover with the paste.

Brush over with yolk of egg, bake in a quick oven until the paste has risen and become set; then cook more slowly for about one hour. Before serving add the remaining stock, pouring it carefully through the hole in the center of the pie. Serve either hot or cold, but a little gelatin must be added to the stock if pie is intended to be eaten cold.

Fancy "boning" and "stuffing" sparrows!

#### Hammocks at cost at Crane's.
